Description

Wade is a beautiful boy that stands 15 hands and the perfect age of 7. He's been owned by my friends since he was 6 mths old. Wade has been a show horse until this year and ridden a lot around the owners neighborhood so use to seeing a lot of things so does not overreact at all. He's use to crowds of people, horses everywhere, loud music and PA, traffic, dogs and UTV's. Wade developed cribbing habit a couple of years ago when he was still a stallion. He's been gelded 2 years ago and when he's running out he doesn't suck air but he does in the stall. If he was ridden a lot his owner thinks he might get better since he seems to have developed it from getting bored in the stall. This is Wade's only flaw so if you're someone that can keep him trail riding hopefully he won't crib if he has a job or you could have the surgery to see if that helps. His price reflects the cribbing otherwise he would be at least double that price!! This beautiful boy will get you noticed on the trails with his long mane and forelock and smooth gait!! He's not been ridden much this year so he does need someone that can get him muscled up but shouldn't take long to get him out on the trails!
