Description

This beautiful girl is going to make someone a very nice horse!!! Lucy is a beautiful 15.1 hand Rocky filly that was born 5/2/20. Lucy Lu has had tons of training before she was ever ridden and has been in plenty trail rides including some riding on the roads so is traffic and dog safe! She is very smart and sweet and loves to learn new things and you'd never think she was coming 3 because she acts like a much older horse She's actually out of my stallion G & B's Deuces Wild that I trail ride and show in Rocky Mountain Country Trail and in Western classes. Lucy Lu will stand to be mounted and will walk off on a loose rein!! She has done amazingly well in the trails and doesn't mind leading the group or going out on her own!! She has a beautiful smooth gait when asked that will definitely get you down the trails comfortably!! Lucy has a very sweet disposition and easy to get along with just like her Sire who's a beautiful black Show horse!! She will stand quietly in the cross ties, for farrier, grooming and for saddling!! The possibilities are endless for this filly she's just waiting for the right person to continue her on their path!! Take a look at Lucy Lu's video and see just how nice this girl really is!! Lucy comes with a breeding certificate to be registered Rocky Mountain!!
