

## Gorgeous Silver Grulla Yearling Filly

\$ 6,500

### Description

Ariel is a stunning well bred Silver Grulla with endless possibilities! She was born 5/21/22 so just weaned. She carries the silver dapple gene so perfect for breeding, showing or trail riding! She's got the bloodlines to excel at everything! Ariel is already gaitting naturally on a lead and is very sweet! Her owner/breeder does an excellent job raising the foals and imprinting them. As soon as they're weaned he works with them on leading, picking up their feet and standing tied. Ariel has all the primitive Grulla barring and stripes and should mature to 15 hands! Her owner is in the process of registering her Rocky Mountain now. Watch her video to see how nice this filly is! Ariel is located in Jackson, KY.
