

Gorgeous Buckskin UNICORN!!!!

\$ 13,500

Description

Gunnar is one in a million! This gorgeous boy can do it all and has!! He has an EXHILARATING gait that most have never had the pleasure of experiencing! He pops right in gear on a loose rein and is smooth at a slow gait or fast gait. He's coming 8 years old and 15.1 He does everything expected out of a well broke trail horse and he's road and neighborhood safe! He has the best disposition ever; friendly, gentle, and wants to please. He's so friendly his vest buddy is a Weanling filly that follows him everywhere and even goes in the stall with him to play!! He has no desire to argue. He stands quietly tied and quiet for the farrier and for saddling. Stands to be mounted and he does scoot himself over to whatever for mounting with just a snap of a finger. Rides out of the barnyard easy and on a loose rein. No barn or buddy sour. Rides alone or in a group. No trail obstacle too tough or scary for this fella (and he does do arena obstacles like a champ also). He's 100% sound and sane; vet checks welcome. Gunnar has buttons galore and will appreciate a knowledgeable copilot; often beginner riders have no clue what signals they are sending to the horse. If you are a beginner his owner/trainer will be happy to assist you!! He is female trained also! His owner can pick up a shoulder easy and move his rear all around with just a subtle touch. He does have a ground covering walk so if your group mopes he's not your man (holding a horse back constantly makes them sour and hate their job). Gunnar is most definitely a PRO!!! He's a very experienced trail horse that someone is going to really enjoy!!! He's been loved and well cared for; treated as a family member and we want that to continue. Located near Zanesville Ohio. His owner can assist with arranging transportation. There's more videos of mounting, parking out, heading out on trail, gaiting in the neighborhood and gaiting in some pretty hay fields. There's also a video of us crossing a long bridge with highway traffic underneath them'.! Owner is more than happy to get more specific videos if you like! She trains gaited horses for a living so she knows what clients expect and exactly how a well trained horse should behave. Watch this beautiful boys video and you'll agree this is the close as you can get to perfect!! Don't let the price of this special horse deter you, training is not cheap and horses like this don't come along very often!! Gunnar is up to date on vaccines, worming, teeth, Chiro, feet, coggins and health certificate! Located in Chandlersville, Ohio
