

## 15.2 Smooth Seasoned Trail Horse

\$ 4,500

### Description

Diamond is a 15.2H, 15 year old Solid Black registered Tennessee Walker Mare. She has good conformation, strong build, clean legs and strong hooves. Her owner lives in Jamestown, TN right where all the great trails are so she has plenty of trail experience! She has good ground manners, clips, bathes, stands still for saddle and farrier. She is not marish, does well in pasture with others. Diamond like most older mares will take of advantage of a beginner but does great with a confident rider. She's only had two owners so Diamond has always been taken great care of and had consistent riding. Diamond has been on several out of state camping trips including Mount Rogers, VA and Caney Mountain AR!! She stands good on Hi-line and hot pen. She is sure footed in rough terrain and goes most anywhere you ask. Will ride in group or on her own with nice rack or running walk. She's a very easy keeper and a great all around horse! She's up to date on her vaccines, worming, feet and coggins. Watch her video to see what a smooth gait she has! She's located in Jamestown, TN.
