

Flashy Gaited 15.2 Trail Horse

\$ 11,500

Description

Midnight is one beautiful gelding that has wonderful conformation! He's 15.2 and almost 8 years old with tons of experience on the trails and has even been shown some! His owner has had him since he was a Weanling and he was shown in conformation for many years winning several titles and under saddle in Trail Pleasure!! Midnight prefers the trails to the rails and is an excellent trail horse! He's very desensitized from being shown. Not afraid of loud music or PA announcer. He's traffic and crowd safe and use to about anything you will see at a horse show such as golf carts, side by sides and people on the sides of the ring!! Midnight is a pro at trail riding also, he's fine with horses in front and is glad to lead or go out alone! He'll also go in deep water, mud, over logs and steep terrain!! This beautiful boy rubbed some of him long mane off on some Bob wire but it's growing back now. His owner hates to sell him but he has so many horses and needs to sell some. If you're someone that loves to travel and trail ride don't miss this opportunity to own such a fantastic trail horse! He stands great for the Farrier, bathing, stands for mounting, dismount and stands great tied. He's obedient on the ground and easy to lead and travels great in the trailer! Midnight is up to date on his vaccines, worming, shoes, coggins and health certificate. If you'd like to come take this beautiful boy a spin he's located in Frenchburg, KY.
