

15.3 Well Gaited Easy To Ride Trail Horse

\$ 4,500

Description

Memphis is a 12 y/o registered Standardbred that's 15.3 hands. He's a handsome dark bay color. Memphis is a gentle giant, loves attention! He's unlike most Standardbred, he's fine if you just want to walk on a loose rein, slow gait or fast rack so you can head on down the trails! Memphis is tons of fun to ride, most Standardbreds have trouble settling back down after going fast but not Memphis, he really is a special boy and one you can do a lot of things with! You can tell he's been trail ridden most his life and not raced. He needs a rider that does understand gaits though because he does have many speeds. He rides great in a group or out alone, very trustworthy on the trails, doesn't mind water, mud, goes over logs and steep hills no problem either. He gets along great with other horses in the field also. If you're someone that loves a big trail horse and wants to get noticed with a flashy gaited horse then Memphis might be just for you! He's up to date on vaccines, worming, feet and coggins. Watch his video to see how smooth Gaited he is plus a great trail horse!!
