Description

D is a beautiful boy that stands 15 hands and is 12 years old! He has a wonderful flashy gait and he loves to show it off!! His owners have had him most his life and he was a stallion until a year ago! D is a very experienced trail horse and use to riding in the mountains so use to steep terrains, logs, going through creeks and mud! He's not spooky and use to seeing wild life while trail riding! Because of his flashy gait his owners recommend a confident rider that's use to a gait like his. He loves attention and doesn't have the stallion tendencies anymore but he still has the look! D loves attention and because his owners don't have the time to ride now they would rather him be with someone that's an avid trail rider that will appreciate D's big heart! Owners never sent off for his RM papers but they do have a breeding certificate so he can be registered Rocky! Watch his video to see how good this boy is! Located in Salyersville, KY.
