Description

Jasper is an amazing intelligent Trail horse! This beautiful boy is 15 hands and the perfect age of 7! His owner/breeder says he's got tons of trail miles and one trustworthy companion! Jasper's owner says he's one that if you can sit on his back and ride a fast gait this horse will take care of you! He's been raised and started right, he's easy to catch, first one to run to you in the field! He also gets along well with the other horses in his field. Jasper rides great in groups, will lead, go in the middle or back or he's fine out alone. Owner hates to sell him but he has too many horses that's ready to start that need his attention. Jasper stands great for the Farrier, bathing,

stands tied well and has been on tons of overnight camping trips so he stands great on a tie line! Jasper stands for mounting/dismount and very obedient on the ground! He loads in the trailer and travels great also! Jasper loves to go fast but he does have a slower gear and dog walk if you want! Owner cannot say enough great things about this horse, as much as he loves him he knows he has to sell him so he can ride his other horses. Watch Jasper's video to see his beautiful tacking style gait! More videos coming soon! If you want you can register Jasper with the Racking Horse Association. Jasper is located in Limestone, TN.
