

Silver Grulla Stud Service

\$ 1,000

Description

Rocky Mountain Silver Grullo standing at stud in eastern Nebraska. Mare care is available. Have Grit sire your ultimate trail partner. - 15 Hands - Passes on his natural gait to his offspring. - Gentle temperament. - Stunning color Grit is homozygous for both the silver and black genes, ensuring that every foal he sires inherits the stunning silver gene and black based with no red gene. When paired with a black mare, Grit produces those coveted chocolate or silver Grulla foals we all adore. Additionally, Grit's striking dun gene enhances the silver Grulla offspring with distinctive features, such as a dorsal stripe and leg barring. (Because of his double silver gene, no mares that carry the silver gene will be accepted). Grit is a prime example of the Rocky Mountain horse's gentle and calm nature. With his friendly, patient, and easygoing temperament, he's a horse that everyone enjoys riding. His kind disposition makes him incredibly reliable, and it's clear he is always eager to please. As a sire, Grit passes this exceptional trait to his offspring, ensuring they inherit not only his impressive gaiting performance abilities but also his gentle nature. Stud fee \$1000 + mare care of \$16 per day. All available and live foal guarantee! Rockin Bar S Farms Greenwood, NE.
