

Gaited Bomb Proof 14.3 Molly Mule

\$ 10,000

Description

Ruthie is a beautiful black bay Molly Mule that's got a smooth smooth gait!! Her Dam is a TWH so she has a wonderful running walk also! She's the perfect age at 9 years old and has been used to plow double with another horse and has tons of trail miles! She has a loving personality because she was hand raised by her owners. She's very easy to ride esp if you've never had a Mule which if you have you know they're much different from a horse. Ruthie rides out alone great or in a group and good at leading or following. She's not afraid of new things and of course very sure footed! She's use to going through water, mud, over logs and steep terrain here in KY. Ruthie has only had 2 owners and back with her original family that raised her now. She stands great for mounting, dismount, Farrier, loves a bath, cross ties, leads and trailers great. She's up to date on vaccines, worming, feet, teeth and coggins. Check out her video bd I think you'll agree Ruthie is a rare find!!

Ad Type: For Sale
