Stunning 15.3 Silver Buckskin Mare

\$ 10,000

Description

Mercedes is a gorgeous mare that's a Silver Buckskin and 15.3 hands at 4 years old! This girl gaits like a dream already and is ready to hit the trails! Her owner/breeder has done an amazing job desensitizing her so when it came time to get her under saddle she was a natural! Mercedes is still considered green broke since she's not hit the trails yet but owner has done the work to prepare her for that so she should be just fine! Mercedes is a really unique color so if you wanted to ever breed her she could really throw some beautiful colors! She has 1 copy of the Agouti, 1 copy of the cream gene, 1 copy of Silver and 1 copy of the red gene! As you can see there's

endless possibilities! Mercedes stands great for a mounting block, great for the Farrier, stands tied, bathing, leads and loads in the trailer great! This girl is so sweet and willing, she just needs someone to show her the trails! You can either finish her yourself or send her to a trainer for trail riding, either way this girl loves to please! She's up to date on her vaccines, teeth, feet, coggins and health certificate. Watch her video to see how smooth she is and her Owner riding her! Located in Athens, WI.
