

15.2 Smooth Gaited Family Horse

\$ 8,500

Description

Gracie is a beautiful 15.2 Tri Color Tobiano TWH Mare that is 6 years old and has one of the smoothest gaits you'll ever see and feel! You don't have to collect her just sit in the saddle and she'll take care of you, owner says you cannot knock her out of gait so she'd be great for someone's first gaited horse! Gracie has been taught to lay down on command so she's very smart! She's registered with TWHBEA, SSHBEA, NSSHA, and RHBAA! Owners have owned her for over 3 years. Trail ridden all over Ohio, KY, and IN. She is use to farm equipment, dogs, traffic and things you might run into on a trail ride. She does not overreact when seeing something new, just checks it out and goes on. Owner had ridden her daughter on her double many times! She isn't for a timid rider because she can be forward and loves her job. Anyone with a little confidence would handle her just fine. In her video you can see her 6 yr old daughter riding her in the barn! She rides alone or with a group. Front or back, doesn't matter. Gracie has had one foal and was an excellent Mom! She stands for the Farrier great, mounting block, stands in cross ties, bathing, great ground manners and loads in and out of the trailer with ease! Gracie is up to date on her vaccines, worming, feet, teeth and coggins! Located in Waverly, OH.
