

3 Yr Old Smooth Gaited Black Gelding

\$ 8,500

Description

Meet Darklin, he's a stunning black 3 yr old gelding that's 14.3 hands and is made so well he looks like an older horse and acts like on too! He's went on several trail rides with his owner, he'll lead or follow the group and rides alone fine and has been ridden in creeks, went over logs and use to steep terrains. Darklin was started slowly this past winter by his owner so even though he's 3 he is not hard to ride. He is very trusting and obedient and has that sweet puppy dog temperament! Darklin stands for the Farrier great, leads, stands in cross ties patiently, bathes and loads in the trailer great! Owner/Breeders have several available starting at Weanlings to 3 years old

in several colors! Watch Darklin's video to see what a beautiful smooth gaited horse he is! I might add that to make Darklin's video he was taken out of the stall and saddled up and ridden! He's very calm so as you can see he has a little bit of a motor in his video but no misbehaving at all! Owner is in the process of getting his gait certified. You can see Darklin at Deuces Wild Stables In Mount Sterling, KY!
