

Well Trained Talented Black Gelding

\$ 8,500

Description

Tux is a beautiful black 4 yr old gelding that's already had tons of training! He is very well gaited and at 14.2 has the heart to be a potential endurance prospect or an avid trail rider would love this little guy! Tux has been loved and is very sweet but he does require someone that has experience only because he has a motor but very obedient in the saddle and on the ground! He has not had tons of trail miles under him but from showing last year he's use to loud music and PA, horses in the ring going all around him. He's use to people on the sides of the ring, golf carts, dogs and traffic safe. You can see him in the video going through a creek for the first time with no problem at all! He stands great for the Farrier, mounting, bathing, cross ties, leads and trailer loads! Come take this pretty boy a test ride! Located in Salt Lick, KY.
