

Beautiful Easy To Ride Trail Horse Deluxe!!

\$ 5,500

Description

Bella is a beautiful blood bay that's the perfect age of 9 years old and a stout 15.1 hands. Her owners are only selling her because they purchased her last year for their teenage Daughter and she's not interested in riding any longer. Bella has been on plenty of family camping trips so stands great on a picket. Bella is traffic safe, use to dogs, passing 4 wheelers, razors, oil rigs, done parades and even went through the Drive through at McDonalds! Owner hasn't found anything yet that spooks her! She's got a smooth 4 beat gait, nice canter and when mounting you can signal her and she'll even move towards you on a block or whatever you're using to get on!! Bella is suited for anyone that knows the basics and a great family trail horse that loves attention and has a willing heart so gives you all she's got! She will go anywhere in the group but prefers to lead, gets along great with other horses in the field also. Stands great for the Farrier, bathing, cross ties, leads and loads. She's up to date on worming, vaccines, shoes, coggins and health certificate. Watch Bella's video to see how smooth gaited she is and ridden in an obstacle course!
