Description

This gorgeous Red Chocolate Filly is unbelievably calm and very smart! Reign will be 3 on May 24th. and should mature to 15.1 hands! Before her owner started riding her he had his Vet check her bone structure and legs to make sure it was all good. Before that he had done tons of Natural Horsemanship training with Reign to prepare her for the saddle. Her Breeder/trainer has done an amazing job with Reign's training! Ryan is one of the best Rocky trainers out there so he has trained Reign to be the perfect trail horse! She is very supple, moves off leg pressure, neck reins and easily backs up when asked and has a very nice canter! If you're making the switch from Qtr Horses to gaited she would be perfect since she has all those western moves! He raised her full Sister and she was exactly like Reign, very calm and easily trained! This Filly is so sweet, she has even taken beginners out on group trail rides! She'll go over bridges, through water and creeks, various terrains and just watch her smooth gait in her video! If you're looking for a family trail horse, Husband horse or just one you can count on you need to come take this filly out on a trail ride in the beautiful mountains of Utah!
