

**15.2 Flashy Show/Trail Horse**

**\$ 8,000**

**Description**

Meet Iron Man! He's a stunning 15.2 well built 9 year old gelding that's done it all! Iron Man started his show career at 3 yrs old and at 4 & 5 yrs old won the spring Racking Horse Grand Championship unanimously in Speciality Action class! He was purchased at 5 yrs old by his present owner who gelded him and made a nice trail horse out of Iron Man! They've traveled all over to some beautiful trails with him so between showing and tons of trail riding this horse has seen it all! Some of the pics show the owner riding him at Dolly Sods National Forest in WV! Iron Man does need an experienced rider just because he's very easy in the mouth, he can move quick when asked and he has plenty of heart for long rides! He stands great for the Farrier, easy to get on, stands in cross ties, has excellent ground manners and loads easily in the trailer! He'll go through deep water, mud, over logs and various terrains! He's right at home in the woods and will ride in a group or out alone. From showing Iron Man is traffic safe, use to loud PA and music with crowds of people and horses in the ring!! If you like style, color and a stylish racking gait but don't want a speed racker you'll love this horse! Watch his video to see how nice this gorgeous horse is and some of his trail adventures! Located in Frenchburg, KY.
