

**Old Foundation Bred Black Stallion!**

**\$ 15,000**

**Description**

See if this is all correct.. Here's the stallion that every Breeder dreams of! Smoke is gentle, sweet and the entire family rides him! He is solid black, smooth 4 beat gait and wonderful canter! He's great on the trails and riding around the farm with owner's Granddaughter! He is pretty much bomb proof, use to about anything you run into while trail riding. He's fine in groups rides out alone, traffic safe and rides with dogs. He'll go thru water, over logs and use to various terrains. He stands still for mounting, the Farrier, cross ties, bathing, excellent ground manners and trailer loads! Smoke has been bred to carry on this wonderful Rocky Mountain breed! His current owner purchased him as a Weanling from the Breeder that has been raising wonderful Rockies since the 90's and still has Smoke's Sire and Dam! Smoke looks like his beautiful Sire who's jet black like Smoke! If you are new into Rockies or you already know the foundation stallions you'll see several on Smoke's pedigree! He has all the great ones like Tobe, Broken Bone's Sam's Son, Buddy Roe, Sam Clemon's Tim, Sewell's Sam, Nick, Johnson's Toby and Cedar Hill Sam!!! Of course if you don't need a breeding stallion Smoke can easily be gelded! Either way this horse is absolutely amazing! Vet checks welcome! He's in the process of getting certified to breed! Located in Burkesville, KY.
