Gorgeous Spotted Buckskin Gelding

\$ 6,000

Description

Prince is a beautiful stout 14.3 gelding with tons of experience. He's the perfect age of 12 and loves attention! His owner has decided to sell him and his pasture mate because they've not been riding them anymore and don't want them going to waste. They were purchased a few years ago here in KY and have been in Canada until 8/7 their owner brought them back to KY to be with a trainer to get a refresher and back in shape. They are doing extremely well and Prince is tons of fun to ride! He goes through water, mud, over logs and steep terrain. Prince is one of my favorite colors, spotted buckskin! His color will diffidently get you noticed with his black mane & tail

and mainly white body! He has great feet also so no need for shoes unless you ride in Rocky terrain. He's had plenty of trail and ranch riding and not afraid of things you'd normally run into while riding. He's got a nice smooth gait and dog walk also. This beautiful boy will not last long so schedule your visit to KY to ride this nice boy soon! Right now he would be best suited for a confident intermediate beginner rider. His trainer feels after he's completed his 30 day refresher and has gone in some trail rides he'll be suited for any level rider. Watch his video to see all this boy can do!
