

## Novice Safe Family Trail Horse

\$ 10,000

### Description

LC is one of those horse's that people dream of! The family that own her actually raised her so have had her all her life and now their young kids are riding her! All their kids have learned to ride on LC but they've stop riding and they just don't want her sitting in the field with all her talent. She would be perfect for someone's first horse, Novice rider or for your spouse to ride that doesn't ride much. LC has tons of miles so she's the type that can sit without regular riding. Her owner is one of the best RM trainers out there and shown her when she was younger in Country Trail classes. LC is super easy to ride, very quite, gets along with other horse's in the field, first to run to you so easy to catch. She stands great for a mounting block, doesn't move until she's told, easy to bath, stands great for Ferrier, leads ties and loads. She would be perfect for someone wanting a nice easy going trail horse with no fuss just a smooth easy going gait and very sweet. She's everything a Rocky is suppose to be! Up to date on shots, worming, feet and coggins. Once you see her video you'll love this little mare!
