Description

Shelby is a beautiful gentle easy going mare that's safe enough for any level rider. She would be perfect as a family horse that everyone can enjoy or a confidence builder for a Novice rider. She loves being groomed and being with you, stands for mounting, dismount, Farrier, bathing, cross ties, leading and loads great! Shelby will go anywhere you point her, lead the group or follow, goes in mud, water, over logs and steep terrain. Shelby's owners haven't had the time to ride her so want her to have a family that will give her the attention she deserves! She's up to date on worming, shoes, coggins & health certificate. She's been with a trainer getting muscled up so ready for her next adventure!
