

**Easy To Ride Red Dun In Foal**

**\$ 10,000**

**Description**

Peaches is a stunning Red Dun mare with all the primitive striping! She's 15 hands and coming 5 in the spring. She's Novice safe and is due to foal in April! She's bred to a gorgeous Dark Grulla stallion that has a dream gait to match! HMM Shoot N The Moon is one of the prettiest Grulla stallions out there and also an accomplished show horse! He's also one anybody can ride so the two of them should have one beautiful Grulla baby with an excellent gait and temperament! Peaches has been ridden by kids and Novice riders, she neck reins, side passes and a smooth 4 beat gait! Her owner hopped on her bareback without a bridle to make some of her video just to show how supple and easy to ride she is! She goes through deep water, mud, over logs, rides great in a group or out alone. Peaches is priced great because you're getting two for one plus her foal will most likely be a Grulla or Red Dun which are worth 6500 as Weanlings! Peaches stands great for the Farrier, stands for mount (moves to the mounting block), dismount, bathing, cross ties, leads and loads. She's Kentucky bred so KBIF eligible.
