Novice Safe Well Gaited Experienced Trail Horse	\$ 5,000
--	-----------------

Description

BB is a wonderful Amazing trail horse! She's 15 hands and 17 years old but you'd think she was much younger! We purchased BB from some good friends of ours that used her for beginner riders and kids to trail ride. The only reason this girls available is because my horses gait is faster so my Husband needs a faster gaited horse to keep up. She is absolutely fearless on the trails, goes anywhere you point her and will lead, go in the middle or back of the group. We ride at Cave Run lake and she'll go right in the lake, deep mud and different terrains with ease. BB is not marish at all, gets along great with other horses in the field and doesn't kick or bite at all. She is

very sure footed and has great feet, no health issues at all either. She has had a few babies and was an excellent Mama so great if you'd like to breed with her. This girl is perfect for anyone that knows the basics or wants to learn how to ride. She is very patient and forgiving of new riders and a confidence builder. BB is up to date on vaccines, shoes, teeth floated, coggins and health certificate. Once you watch her video and you'll see just how nice and well gaited BB is!!
