Description

This beautiful all Wool round skirt pad is our most popular size. Can fit round skirt western and many other saddles. It's 1 inch thick so great for those long rides! Wool absorbs the sweat from your horse and keeps it cool in the summer and warm in the winter and drape it over the saddle rack or fence line and it dries very quick! We also make custom pads in any size and color! Check out our website Kytrailhorsefinders.com For more pads and accessories!
